Microsoft Office -365 enables Daffodil International University moving to a Cloud Campus

Daffodil International University started a journey of Cloud Campus using Microsoft Office -365 today on May 10, 2015, Sunday through a colorful program titled “The Power of Microsoft is Your @ no cost” held at DIU Auditorium. Daffodil International University is a pioneer institution to introduce this type of operation for the first time in Bangladesh which opened the opportunity for its students and employees. Daffodil International University has made their Microsoft Office 365 product available to all students at no cost! Employees get free access to all services except Office in the Cloud.

Students of English Department Completed their Adventurous Journey for Duke of Edinburgh Award

A group of 18 students of English Department has completed their Adventurous Journey under the supervision of their Award Leader Shamsi Ara Huda, Assistant Professor, and Department of English. Md. Mostafa Rashel, Assistant Professor of the same department has guided the whole group as he is also interested to become an Award Leader of Duke of Edinburgh Award in future. The team has continued their journey from 26th April to 2nd May. They did hiking on Banderban. They had to climb 1030 feet to reach Boga Lake. They have also visited Ruma Bazar, Re Song Song Waterfall, Nilachol, Nilgiri, Meghla in Banderban and Enani Beach in Cox's Bazaar. It had been a very hectic journey and they had to manage their expenses with the least amount of money. This lesson of surviving in different unfamiliar locations will definitely help them to be accommodative in adversity.
