Distinguished guests along with the recipients of By-Cycle pose for a photo at the Green Campus Program held at DIU Permanent Campus...

As a sensible and innovative part of Academic Social Responsibility, Daffodil International University (DIU) always encourages promotes green campus for ensuring sustainability. In this regard, Daffodil International University has taken a contemporary initiative by celebrating green transport distribution among promising students and arranging Tree Plantation program today on 17 October 2015 at Permanent Campus to make the campus greener.

Renowned Sculptor Prof. Hamiduzzaman Khan was present as chief guest in the program. Mr. Md. Sabur Khan, Honorable Chairman, Board of Trustees, DIU was present as the Guest of Honor while Professor Dr. Golam Rahman, Pro-Vice Chancellor, DIU and Mr. Musa Ibrahim, 1st Bangladeshi to reach the summit of Mount Everest were present as the special guests. Presided over by Dr. Mostofa Kamal, Director, Permanent Campus, the program was also addressed by Dr. A B M Kamal Pasha, Head, Department of Environmental Science and Disaster Management.

While addressing Prof. Hamiduzzaman Khan said, DIU is growing not ordinarily rather it is being nurtured from the souls of a dedicated team with an outstanding leadership and it will be the world class university which will bring fame for the country. I believe this will engrave into the soul of our students a sense of creating sustainable world to challenge against the climate change. While we celebrate green transport distribution among promising students and tree plantation will help to make the campus greener, he added..Md. Sabur Khan, Honorable Chairman, BoT, DIU mentioned that the days are not so far that permanent campus will be the center of interest of all national and international academic activities and students will have

to invest more efforts to get chance to study in permanent campus of DIU. Mr. Musa Ibrahim, 1st Bangladeshi to reach the summit of Mount Everest inspired the cyclist of Daffodil to overcome obstacles by keeping oneself healthy and cycling is one of the best media to keep you fit for the challenges. After the formal inauguration session cyclists' team went for a rally with the theme of sustainability at Daffodil Campus and the guests planted saplings of different wooden and fruit trees to ensure greener campus.

Opinions about DSA

Let us share a development equation! Students really matter for a University, University really matters for innovation and innovation really matters for development and sustainability. We all mean to work for developing our younger generation who are 47.6 million of our total population. Catering their needs and problems and supporting them with appropriate facilities can eventually change the

whole scenario of our today's world. Keeping that in

mind DSA of DIU is offering a wide range of activities that constantly encourage them to be active learners that ultimately transforms them into a doer instead of a mere consumer. DSA introduces them with a life long journey that helps them to discover the true potential of an individual that every human beings blessed with. Discovering thyself and connecting it properly with the ever shifting newer world is the biggest challenge of today's world. DSA works for transforming local students into Global Citizens. ...

Dear DSA,

I confess that you discovered me; you helped me to discover the original version of Shajal. I'm indebted for the freedom you have given to work for the world. I found my father inside you when you taught me how to be professional emotionally.

Dear DSA office,

I smell my office and I smell home and I get same fragrance. My second home yet in my life where I cultivate dawn to dusk even dusk to dawn. My young knights keep the room enliven all the time.

Dear Me,

Buy, Cultivate, Share happiness with DSA & DSA office heroes applying professionalism emotionally.

Students' Affairs Office popularly known as DSA Office plays a role of ventilator in Daffodil International University. This office belongs to the students and it's only for the students. It is a place where students can access anytime during their campus life. Students can freely share their ideas, thoughts and insights here and also can get directions on sound campus life and wellbeing of whole life from this office. Creative thoughts and innovative ideas of our students are highly valued here.

Students' Affairs Office is focused on serving students so that their time at Daffodil International University's a success intellectually, emotionally, physically, socially and developmentally. All the activities of DSA Office are taken for student welfare. DSA Office is more buzzing and colorful office than any other office in Daffodil International University. And it will always remain alive only for our students, because students are our **POWER**

DSA*

It has been a great time to work with Students Affairs Office, where I have enjoyed the opportunity to work with **16000+** students. Specially this office is more different from others traditional office, It gives tremendous opportunity and freedom to think about students, getting idea from students, working with encouraging student activities, promoting extra curricular activities and much more. I strongly believed that I have learned a lot working there, and no doubt it will enrich my experience on the way of my career.

I am lucky as a student associate of Office of the Director of Students' Affairs. I am feeling it is not my job, It is my responsibility. I believe that, " I am the winner (before born) who had won the race against 300 millions Sperms. So, I am feeling hungry for geeing more Success in my life. And DSA is the best platform for touching success. This is mind candy for my soul. Having attend for one years now, this DSA stand alone in my mind as an opportunity to explore new horizons, challange assumptions, and turbocharger a pursuit of lifetime learning. Too few people are brave enough to ask what could be-what go right, how can we create future.. those people are here, as for example my 'guru' Syed Mizanur Rahman Raju sir. on the other hand my determinative person Sajal vai and my super smarter fellow (Nasim vai, Rizvi vai, Moonzerin) are here. I learned from here " Brilliant is not depended on you academic results. Its only depended on your creativity as well as the result which is called success." In DSA all are discussing inserting and Important ethical, and social issues which I have ever learned. I am feeling more informed, exhilarated and deeply inspired by DSA. Thank you very much for giving me chance to work with ingenious people...

Opinions about DSA

I believe that, Trust is the defining principle of great workplaces. created through management's credibility, the respect with which employees feel they are treated, and the extent to which employees expect to be treated fairly. The degree of pride and levels of authentic connection and camaraderie employees feel with one are additional essential components. On the other

hand to communicate effectively, in other words, to be understood and understand others, is a set of skills to be learned and practiced. In this section, you will consider the common misconceptions many of us hold about the art of communicating as well as the importance of self-awareness in communication. Moreover, you will learn some essential skills in sending and receiving messages. In Daffodil International University, The DSA office is the best platform for this tow thing. Best Communication is best part to get success in your life. In DSA office we are communicating with 16000+ Students with smily faces. It is practice for me and other fellows. I am not good explainer. thats why I can not properly explain of DSA. But I bielive that DSA is the best part of Daffodil International University

DSA

DSA is such a platform where the students can express their mental growth through connecting and participating in various extra curriculum activities and develop themselves as an Ideal human being. I think Daffodil International

University through the DSA can come out from the box and give emphasis on pragmatic life which plays a vital role. It will help a student to build his career. In our permanent campus few year ago students did not get opportunity for extra curriculum activities as a result they were demotivated. Last few months the students get the opportunity to do it. We believe our green campus will be more animated & licid through the activities DSA. I am very much blessed to work in such an organization which helps me to develop my skill.

Md. Mainul Hasan Dulon
Student Associate, DSA
DIU Permanent Campus.

Always I believe that "love your work not working place and create a lovely working place by your work". But Office of the Director of Student Affair's office is a kind of office where it's environment help you to done the work lovely. DSA office is a different office from any other office or organization. This office helps me and other to develop our skills. The team of DSA office it's not only a team it's a family. DSA office is a platform where every creative student can perform their creativity. This

Office of the Director of Student Affair's is also a via to move the way of success. I am so much proud and, It's really blessed for me to be a part of this family (This Office of the Director of Student Affair's, Office)

We know that university life is about much more than just what happens in the classroom. It's also about finding your "home" on campus through student housing, activities, arts and much more. Student Life is a central hub that focuses on emphasizing the lifelong benefit of an educational experience through environments, culture, people and programs. We bring together all the pieces of purdue that help all Students to find their footing and make the University your own.. DSA is the best process to enter into the stuents heart and show them the way of all kind of sollutions...
