ACHIEVEMENTS

A team of three talented students – Jannatul Ferdous Juicy, Amit Saha, and Khan Md. Omar Faruque – under the mentorship of Mr. Aftab Hossain, Convenor of DIU Debating Club, made DIU proud at this prestigious international event, organized by The Masters Institute Development Academy and Seminary, AUAP, and Rizal Technological University from April 7–14, 2025. Jannatul Ferdous Juicy has been awarded the Best Female Speaker of the entire competition!

Daffodil International University has been ranked jointly 1st in Bangladesh and placed in the 301–350 band in the Times Higher Education (THE) Asia University Rankings 2025!

Dr. Nizam Uddin, Associate Professor and Head of the Department of Nutrition and Food Engineering, DIU, and Mr. Md. Rashed Nizami, Senior Assistant Librarian, Daffodil International University Central Library joined the  Erasmus+ KA171 International Credit Mobility (ICM) Staff Exchange Program at Gaziantep Üniversitesi in Türkiye from 21 to 25 April 2025 to engage in different academic teaching and staff training activities, experience sharing, etc.

This prestigious recognition highlights his remarkable contributions to science and technology, and his continued dedication to fostering collaboration and development across the Muslim world, especially in the South and South East Asian region.

This international research collaboration is supported by Mitacs, a Canadian organization promoting innovation through global partnerships. Under the joint supervision of Prof. Dr. Imran Mahmud and Dr. Rubaiyat Islam from DIU, and Dr. Ajmery Sultana from Algoma University, Canada.

Message from Department Head

Prof. Dr. Sheak Rashed Haider Noori
Head, Department of CSE, Daffodil
International University

The inception of the Department of Computer Science and Engineering (CSE) at Daffodil International University was driven by a commitment to academic excellence, fostered through strong collaborations between academia and industry. This commitment is reflected in the integration of industry-demanded ICT skills within the core curriculum of the CSE program, ensuring graduates are well-equipped to meet industry needs.

The department thrives on nurturing the talents of its students, who actively participate in national and international ICT events, fostering a vibrant academic atmosphere. Through strategic agreements with leading private and government agencies, the department encourages bilateral collaboration and development initiatives that enrich the learning experience for students and faculty alike.

With a focus on cutting-edge research and innovation, the department regularly produces high-impact publications that contribute to the advancement of knowledge and technology. Faculty members collaborate with industry partners and academic institutions to ensure that research efforts remain relevant and impactful. Students are encouraged to engage in research activities under faculty guidance, leading to publications in conferences, journals, and technical reports. This hands-on experience not only enriches their academic journey but also prepares them for successful careers in academia, industry, and research institutions.

Currently, the Department of CSE at DIU offers rigorous undergraduate and graduate programs in Computer Science and Engineering, including a specialized Master of Science in Management Information Systems (MIS).

AI-Empowered Wearable and Portable Devices for Diagnosing and Monitoring Complex Diseases.

The Health Informatics Research Lab (HIRL) recently organized a seminar on "AI-Empowered Wearable and Portable Devices for Diagnosing and Monitoring Complex Diseases" at the Kazi Nazrul Eduplex, Daffodil Smart City.

Bridging Academia and Industry!

A team of faculty members from the Department of Computer Science and Engineering (CSE) at Daffodil International University, led by Prof. Dr. S. M. Aminul Haque, Associate Head of CSE, visited Walton Hi-Tech Industries to chart new horizons. The team explored innovative pathways for specialized micro-credential courses in Embedded Systems and IoT—skills that will empower our students to excel in the tech world. This collaboration is the spark that ignites future innovation, transforming classroom learning into real-world impact.

Inter University National Data Analysis Competition 2025

Daffodil International University has become both the Champion and Runner-Up at the **Inter-University National Data Analysis Competition (NDAC)-2025**. Out of 135 teams from 22 universities, Team Data Decoders (Md. Mobashir Hasan & Md. Julker Naeen) secured the Champion title, while Team DIU Datasaurus (Md. Rahat Zaman Sarker & Md Abdullah Al Jaber) became Runner-Up — all from the Department of Computer Science & Engineering, DIU.

Agent X

The Agent X AI Prompting Competition, inaugurated on April 16, 2025, at Bishwo Shahitto Kendro in Dhaka, has emerged as a landmark event in Bangladesh's AI landscape. Organized by NetCom Learning and powered by Microsoft, the competition has attracted participation from over 47 universities and more than 50,000 students nationwide. Agent X is designed to provide students with hands-on experience in AI agent development, prompt engineering, and automation. Participants receive training from industry professionals and have the opportunity to earn certifications, including Microsoft Certifications and AI CERTs

Main Round of Unlock the Algorithm Programming Contest, Spring 2025

The Department of Computer Science & Engineering, DIU, successfully organized the Unlock the Algorithm Programming Contest, Spring 2025 Main Round, hosted by DIU CPC at Daffodil Smart City on April 27, 2025. 200 participants were selected to compete in the Main Round from the two slots of the Preliminary Round.

PSYCHOLOGICAL SERVICE CENTER

Workshop on "Anger Management"

A psychological workshop on "Anger Management" was held on April 10, 2025, for the students of the Business Administration Department at DIU. The session was conducted by Ms. Bilkis Khanam, Psychologist of DIU, with the objective of helping students better understand their anger, recognize personal triggers, and develop healthy coping strategies. Through an interactive format involving group discussions and self-assessment exercises, students explored the emotional and psychological aspects of anger and learned practical techniques to manage their anger effectively.
