Words of Fatma Samuk from Turkey about DIU

I am FATMA SAMUK from Turkey, student of Daffodil International University. I have been in Bangladesh about 5 years since 2011. First of all, I admitted in English course to learn English language because even I didn't know what is the meaning of: how are you? After completing 6 months short course I started BA (Hon's) in English again at DIU. The quality teaching, resources, effective practical presentation based study made my study life fruitful. Throughout my study life at DIU, I met carrying teachers and beloved friends. They became like my family. Their all time caring and concern about us made our life easy and comfortable in Bangladesh. I am so happy and satisfied being a student of Daffodil International University. After getting my BA (Hon's) degree now I admitted to complete my M.A (ELT) in Department of English. Thank you DIU for all the arrangement for international students like our home.
